ABOUT ME

My name is Anson, 31 years old,I am a committed, driven and hardworking person who is eager to learn new skills. I've been developing websites for about one years now.I honestly believe that with the amount of tutorials on YouTube, Udemy, one can learn everything, without going to college.

I am seeking a position in the field of web programming where I can utilize my skills to further work towards personal and professional development and contribute towards the prosperity of the company.
